3. Authorization for this examiner's amendment was given in a telephone interview with Mark Davis, Esq., on 8/16/04.

4. The following is an examiner's statement of reasons for allowance: as applicants point out, the prior art used against the present claims is from the same inventive entity, and although 35 USC 102(a) as written allows the two Zoeller references to be prior art, case law has indicated that the phrase "to another" be applied to both clauses of the statute, not just the one, hence both Zoeller references are not applicable as prior art. The above examiner's amendments overcome the remaining formal rejections against the present claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to J. Pasterczyk whose telephone number is 571-272-1375. The examiner can normally be reached on M-F from 9 to 5:30.
